Graduate specific orientation	Professional development days
	Supernumerary time per rotation

Our Graduate Nurse program aims to provide a supported environment for graduate registered nurses to transition into the workforce, consolidating both theoretical knowledge and clinical skills. We are looking for caring, enthusiastic applicants with a passion for nursing. Is that you?

Kilmore District Hospital is a site of NH that provides a comprehensive range of acute and aged care services to our rapidly increasing catchment population. Inpatient, Perioperative, Outpatient, District Nursing and Aged Care services are provided for the community of Kilmore and surrounds.

We facilitate your transition to practice by providing you with opportunities to consolidate your undergraduate skills and knowledge, integrate theory to practice and further develop your professional and clinical skills through a structured, clinically-focused program.

KDH Graduates of 2021

# Support & Opportunity

**KDH Education team**

The Education team at KDH provide support, mentorship and opportunities to learn. We are accessible, welcoming and ready to guide you on your graduate journey. Clinical Educators, Clinical Support Nurses, and experienced clinical staff provide practical assistance in the clinical environment.

Our program begins with a structured orientation and induction program. The four-day orientation program consists of organisational, program and local area orientation. Designed to be both fun and informative whilst giving you the opportunity to get to know your fellow graduates, Education team members and the KDH environment. Our organisation provides a supportive space to learn and develop skills to enable you to provide caring appropriate care to our consumers.

Graduate-Specific learning through structured training/assessment in Medication Safety, Patient Assessment, Pharmacology knowledge, and Introduction to Quality and Safety in nursing.

Attend face to face and online in-service sessions

Facilitated Graduate debrief sessions

Specialty workshops, seminars and short courses

Online resources in myLearning, our Learning Management System including NH Graduate Learning Hub, from any device at any time
